Following publication of the original article [1], it came to the journal's attention that because of a technical error during production of the article, the following affiliations

had each been divided into two separate (incorrect) affiliations: affiliations 3, 4, 9, 11, 12, 15, 16, 17. As a result of this duplication, the affiliations information of the article was partly incorrect. The affiliations have since been

The original article can be found online at <https://doi.org/10.1186/s40635-024-00677-w>.
