## Correction

**Error in Author Affiliations:** In the Original Article titled "Outcome of Tonsillectomy in Selected Patients With PFAPA Syndrome" by Pignataro et al, published in the June issue of the *Archives* (2009;135[6]:548-553), an error occurred in the Author Affiliations on page 548. The correct affiliation for Lorenzo Drago, MD, should have read: "Clinical-Chemistry and Microbiology Laboratory, IRCCS Galeazzi Institute, Department of Preclinical Science LITA (Dr Drago), University of Milan, Milan, Italy."
