Re. HEARTJNL/2003/017921 - Increased adrenomedullin immunoreactivity and mRNA expression in coronary plaques obtained from patients with unstable angina

Dear M.D. Ottaviani

We are happy to confirm receipt of your review. Thank you very much for your assistance with this article.

Once all reviews have been submitted, you will be able to view the comments of the other reviewers (if any) and the decision on the manuscript in the 'Reviewer' area of our online tracking system, which can be found at <http://submit-heart.bmjournals.com>

With many thanks for your help and best wishes
