## Scientific Program

July 2<sup>nd</sup> & 3<sup>rd</sup> 2015

July 2<sup>nd</sup> 2015

<b>Registration</b> (09:30-10:00 AM)	<b>Inauguration</b> (10:00-10:30 AM)
<b>High Tea</b> (10:30-11:00 AM)	<b>Technical Session I</b> (11:00-01:00 PM)
<b>Lunch &amp; Poster Session</b> (01:00-02:30 PM)	<b>Technical Session II</b> (02:30-04:30 PM)
<b>Tea / Snacks</b> (04:30-04:50 PM)	<b>Technical Session III</b> (04:30-06:10 PM)
<b>Dinner</b> (08:30 PM)	

July 3<sup>rd</sup> 2015

<b>Technical Session IV</b> (09:00-11:00 AM)	<b>Tea</b> (11:00-11:20 AM)
<b>Technical Session V</b> (11:20-01:20 PM)	<b>Lunch &amp; Poster Session</b> (01:30-03:00 PM)
<b>Technical Session VI</b> (03:00-05:00 PM)	<b>Tea / Snacks</b> (05:00-05:20 PM)
<b>Discussion &amp; valedictory Session</b> (05:20-06:30 PM)	<b>Dinner</b> (07:10 PM)

## Venue:

Delhi, the capital of India, a very important city of nation has a very colorful and eventful history which proves that the city was equally important in the past. The city has a variety of historical places that makes Delhi one of India's most interesting places. Located on the banks of the river Yamuna, Delhi features a humid subtropical climate, with long summers and brief winters. Climate during July varies, 45°C & min 25°C.

**Department of Chemistry, University of Delhi:** The University of Delhi, a premier institution of India, is known for its high standards in teaching and research. Department of Chemistry is one of the largest departments with 75 faculty positions and nearly 230 research scholars. The R&D contribution of the department have already created an impact by publishing over 3000 research papers in peer reviewed journals and by producing around 2000 doctoral professionals in chemistry in the last about five decades.

**Important Information:** Call for participation. Scientists, Technologists and academicians are invited to present their work in the form of poster or presentation. Few abstracts shall be selected by the technical committee of the workshop for the oral presentation.

**Preparation of abstracts:** One page abstracts for the workshop must be written in English. The name and the affiliation of the corresponding and the presenting author must be underlined. Selected abstracts will be considered for full length manuscript submission in a scientific journal (SCJ) of international repute in area of electrochemical science and technology.

**Poster presentation instructions:** The poster size should not exceed 1.20m (height) and 0.90 m (width). There shall be awards for the best posters.

## Registration (session refundable)

Students	Rs. 1000	Post Doc (address)	Rs. 1500
Academicians	Rs. 2000	Industry	Rs. 5000
Overseas participants	₹ 2000	Accompanying Person	Rs. 1000

The demand draft for registration fee made in favour of "Registrar University of Delhi" and drawn on bank in Delhi should be sent to the Convener of the seminar latest by June 20<sup>th</sup> 2015.

## Language:

The official language of the workshop will be English, no simultaneous translation in other languages shall be available.

**Accommodation:** Participants requiring accommodations may forward their request to the convener latest by June 20<sup>th</sup> 2015. The charges for accommodation depending on the services may vary from approximately Rs. 500- Rs. 2000/- per night.

**Travel:** Non-traveling allowances are available.

**Correspondence:** All the correspondences should be addressed to Convener of the workshop.

## Scope and Objectives of the Seminar

The 3<sup>rd</sup> Indo-Italian workshop on Electrochemistry for "Energy & Health" aims to bring together academicians, scientist and the technologists to exchange their views and ideas for a better knowledge and international co-operation in the subject.

**Energy & Health as a special theme,** deals with the application of a variety of electrochemical solutions for future challenges. It is a subject area that focuses on variety of smart materials advanced technologies for energy conversion, storage and diagnostics. Electrochemical technology is also used in corrosion protection, surface modification, energy generation and research into new materials and methodologies for chemical processing. In this workshop the experimental and theoretical studies of novel and advanced materials, process mechanisms and the reactions at electrochemical interfaces will be highlighted, together with the application of the materials in the energy devices like batteries, fuel cells, supercapacitors, actuators, photo electrochemical devices, sensors, microelectronics and biotechnology.

## Introduction and Invitation

It is with great pleasure that the workshop organizing committee invites you to attend the 3<sup>rd</sup> Indo-Italian workshop on electrochemistry being jointly organized by the Department of Chemistry, University of Delhi and Embassy of Italy, New Delhi on July 2<sup>nd</sup> - 3<sup>rd</sup> 2015 in Delhi. Inauguration and scientific deliberations of the workshop will feature plenary lectures, followed by invited lectures and contributed papers. The participants shall include researchers working in the Universities, Laboratories and Industries dealing with the workshop theme "Energy & Health" involving variety of electrochemical techniques for Industrial and Laboratory uses.

## Sempe

Nature of the Presentation (but not limited to)

- Electrochemistry in Energy Storage
- Electro-Catalysis & Electrode Materials
- Electrochemical Materials Science
- Electrochemical Processes and Technology
- Sensors, Solar cells, and Energy Storage Devices
- Corrosion Science and Technology
