The caption of Table XV of the original article states that the product branching fractions are in units of 10^{-4} , while they are in fact in units of 10^{-6} . The corrected table is given below.

TABLE XV. Results for the product branching fractions $\mathcal{B}(B^- \rightarrow RK^-) \times \mathcal{B}(R \rightarrow D^+ \pi^-)$ (10^{-6}). The four quoted errors are statistical, experimental systematic, model, and inclusive branching fraction uncertainties, respectively.
