## Corrigendum

## Corrigendum to Prevention of transoral thyroidectomy complications: An analysis of surgical outcomes in 423 consecutive series

Ji Young You<sup>a</sup>, HoonYub Kim<sup>a,\*</sup>, Da Won Park<sup>a</sup>, Hsien Wen Yang<sup>a</sup>, Gianlorenzo Dionigi<sup>b</sup>, Ralph P. Tufano<sup>c</sup>

<sup>a</sup> Department of Surgery, Korea University Medical Center Thyroid Center, Korea University Hospital, Korea University College of Medicine, Seoul, Korea

<sup>b</sup> Division for Endocrine and Minimal Invasive Surgery, Department of Human Pathology in Adulthood and Childhood "G.Barresi," University Hospital "G.Martino," University of Messina, Italy

<sup>c</sup> Department of Otolaryngology—Head and Neck Surgery, The Johns Hopkins University School of Medicine, Baltimore, MD

The authors regret that they transposed the legends for Figure 2 and Figure 3. The correct legend for Figure 2 is "Fig 2. Oral wound infection. (A) oral cavity lesion. (B) healed scar (circles: each mentioned part)."; and the correct legend for Figure 3 is: "Fig 3. Modification of incisions for port placement." The authors apologize for this oversight.
